World Cerebral Palsy Day 2021 observed

Along with the rest of the world, CRP observed the World Cerebral Palsy Day on 6th October, 2021 with the theme “Millions of reasons ...”

The day started with a rally of the special needs children of William and Marie Taylor School and Paediatric Department inaugurated by CRP’s Executive Director Dr. Mohammad Sohrab Hossain, PhD.

Later with a welcome note and presentation on the present scenario of Cerebral Palsy in Bangladesh, the online discussion programme began at 11 am. Professor Dr. Mohammad Golam Rabbani, Chairperson, Neuro-Developmental Disability Protection Trustee Board, Ministry of Social Welfare, People’s Republic of Bangladesh was present in this session as the Chief Guest. The Special Guests were Professor Dr. Gopen Kumar Kundu, Chairman of Paediatric Neurology Department, BSMMU. The programme was chaired by CRP’s Executive Director. Speakers in the programme said that it is time to close the gap between the everyday circumstance and the real potential of people living with Cerebral Palsy. Through World CP Day, we will join together to combine our resources, energy and knowledge.

CRP in collaboration with Faraz Hossain Foundation also arranged an art competition for children with Cerebral Palsy and other special needs.

He was greeted by CRP’s Founder & Coordinator, Dr. Valerie Ann Taylor and Executive Director, Dr. Mohammad Sohrab Hossain, PhD. He then visited CRP’s different activities and highly praised the organization’s potentials and uniqueness.

World Teacher’s Day 2021

WMTS celebrating Teacher's Day

The Theme of World Teachers’ Day 2021 was “Teachers at the heart of education recovery”. The United Nations (UNESCO) presented this theme for teachers’ day in respect of their determined and diligent efforts in the crucial stages of the Covid-19 pandemic. Teachers are not only playing the main role of healing by educating but also supporting all the children with or without disabilities. William and Marie Taylor School (the inclusive school of CRP) celebrated World Teachers’ Day 2021 on 5th October for the second time in CRP. In the morning Md. Abdullah Al Zubayer, Principal, WMTS along with the staff members inaugurated the day with announcements, videos, paintings display, wearing badges, cutting cake and photo session. In the afternoon, teacher’s day related information was presented and the day ended with a cultural program.

International Children's Day 2021 Celebration

William & Marie Taylor School (WMTS) celebrated International Children's Day on 20 November 2021, Saturday at the Reddaway Hall, CRP. On this occasion all children from WMTS including children with disability participated in various events such as an art competition, poem recitation, essay writing and speaking on a selected topic. In the afternoon, all children enjoyed a movie, Tare Zameen Par. The program ended with the prize giving ceremony.

CRP observed the 26th World Remembrance Day for Road Traffic Victims

World Remembrance Day for Road Traffic Victims is a global event to remember the many millions who have been killed and seriously injured on the world's roads and to acknowledge the suffering of all affected victims, families and communities. From 1995, road victim organisations under the umbrella of the European Federation of Road Traffic Victims (FEVR) observed this Day together. Later, on 26th October 2005 – World Day was adopted by the UN General Assembly as “the appropriate acknowledgement for victims of road traffic crashes and their families”.

To observe the day CRP's Executive Director along with the patients, special needs students and staff members joined in a special prayer at the Reddaway Hall on 21st November, 2021. Road traffic accidents not only injures a person but also affects the whole family which had been shared in the experiences given by the patients who survived RTA.

Wheelchair Service Delivery Training by Motivation India

CRP in collaboration with Motivation India organized a seven daylong 'Wheelchair Service Delivery Training' from 22nd November, 2021. A total of 15 staff members including 9 health professionals and 6 members from the production team of CRP participated in the training. Three experts from Motivation India facilitated the training under WHO guidelines. The trainees learned about new topics through this training, such as pelvic and hip posture screening, intermediate wheelchair fitting checklist and details about Postural Support Devices (PSD).

CRP Chattogram - A K Khan Centre participated in a Dialogue at Cox's Bazar

On the occasion of International Day for Persons with Disabilities a program entitled 'Leadership and participation of persons with disabilities in the humanitarian context' was held on 2 December 2021. The venue was the Best Western Heritage Hotel in Cox's Bazar. Handicap International-Humanity & Inclusion and BRAC Humanitarian Crisis Management Programme (HCMP) jointly organized the program and Age & Disability Working Group (ADWG) provided technical support for the program.

Representatives from local government, senior officials from various national and international NGOs participated in the program. Alexandra Spencer, Research Officer of Humanitarian Policy Group, presented the results of a study on the participation and inclusion of Rohingya refugees in Cox's Bazar. Quoting data from the United Nations Office for the Coordination of Humanitarian Affairs 2021, it was reported that 235.4 million people around the world need different types of humanitarian assistance, 15% of whom are disabled. In 2021, the studies were conducted by Policy Working Group (PWG) & Rehabilitation, Education and Community Health (REACH) which revealed that 12 percent of people in Rohingya camps are persons with disabilities.

Remarkable challenges for persons with disabilities were found including limited efforts towards their inclusion in skills development programs, limited employment opportunities, and accessible work atmosphere, though there was growing awareness and efforts on disability inclusion. They also observed that achieving the Sustainable Development Goals would be tough without the meaningful participation of persons with disabilities in all walks of life. In this regard, the government and humanitarian actors had taken several praiseworthy measures for improving the inclusion of people with disabilities in the districts. At the end of the program, the organizing members visited the exhibition stalls displaying the activities of the organizations working with Persons with Disabilities in the Cox's Bazar district and CRP was awarded for its outstanding activities as well as facilities on Rehabilitation.
